Thanks, John, and Happy New Year!

Hi Ashley-Lynn has broad availability at this point on January 25<sup>th</sup> aside from a prior commitment from about 1-2:30 (which we could move if necessary.) Let me know what works best for the Administrator.

Regards, Venu

Hi Venu,

Hope you're well. I am connecting you with my colleague Ashley Morgan who works on the Administrator's scheduling team. We're looking forward to getting the Administrator and CEO Good together again on Tuesday, January 25<sup>th</sup>.

Ashley – can you work with Venu to identify a time that works for the Administrator's schedule for an in-person meeting? Thank you!

Best,

John

**APPROVED BY:** John Lucey, Special Assistant to the Administrator

### MEETING SHEET

January 24, 2022

#### MEMORANDUM FOR THE ADMINISTRATOR

FROM: John Lucey, 202-941-1112

EVENT DATE: Tuesday, January 25<sup>th</sup>, 2022

TIME: 10:30 AM ET

SUBJECT: Lynn Good in-person meeting

STAFFING: John Lucey

---

#### **PURPOSE OF CALL AND LAST INTERACTION**

**YOU** will host a one-on-one conversation in-person with Lynn Good in her dual roles as CEO of Duke Energy and board member of the Edison Electric Institute. **YOU** will discuss several relevant topics, including methane, coal combustion residuals (CCR), and Effluent Limitation Guidelines (ELGs).

#### **KEY POINTS SECTION**

- **Stakeholder engagement.** You will emphasize your commitment to open and transparent stakeholder engagement on a wide range of Agency issues.

#### **BACKGROUND**

##### **Methane**

President Biden's Executive Order 13990 instructed EPA to review was the oil and gas sector and instructed EPA to consider strengthening current standards for methane emissions from new, reconstructed, and modified sources by September 2021. EPA is working toward a proposed rule to strengthen standards for methane emissions from new, reconstructed, and modified oil and natural gas sources and to address methane emissions from existing sources. Outreach efforts began in May

2021 and included three days of public listening sessions – June 15-17 – to hear feedback from all stakeholders.

### **Effluent Limitation Guidelines**

Announced September 8, 2021, the Preliminary Effluent Guidelines Program Plan 15 (Preliminary Plan 15) announces the status of EPA's efforts since the publication of Final Plan 14 (January 11, 2021), including the initiation of new rulemakings and detailed studies. Comments to Preliminary Plan 15 can be submitted at [regulations.gov](https://www.regulations.gov) and are due by October 14, 2021. In particular, EPA announced the following actions in Preliminary Plan 15:

- the beginning of a rulemaking to revise limitations for the [Organic Chemicals, Plastics, and Synthetic Fibers](#) (OCPSF) category to address the discharge of per- and polyfluoroalkyl substances (PFAS) from facilities that manufacture PFAS.
- the initiation of a rulemaking to revise limitations for the [Metal Finishing](#) category to address PFAS discharges from chromium plating operations.
- the completion of its detailed study of the [Meat and Poultry Products](#) category and initiation of a rulemaking to revise the existing discharge standards for the industry.
- the intention to publish a proposed Supplemental Rulemaking for the [Steam Electric Power Generating](#) category.
- the initiation of detailed studies of PFAS discharges from the [Landfills](#) and [Textile Mills](#) categories.

### **Coal Combustion Residuals**

EPA will soon be taking several CCR actions, but there is not a firm date for that rollout yet.
